May 6, 2019 Secondary Issue 33

## Director's note

This past Wednesday was a GREAT day! It was so fun to get all of our Dragons together for our first ever whole-school field trip! NASA was the perfect location – there was something for ALL ages! The students loved seeing past (and future) teachers and friends! Even the chaperones seemed to have a great time visiting with each other. SBAI is very unique in so many ways, one being our integration with our host campuses. However, even though we are a part of the Eagle (soon to be Tiger), Bobcat, and Spartan families, we are, first and foremost, Dragons! I look forward to more opportunities where we can grow our SBAI connections and continue to strengthen our school identity. If you have any ideas for future activities, I would love to hear them! Thank you for your continued support!

I am pleased to announce that we will have a part-time counselor supporting SBAI next year. Dr. Paula Fendley will be working with our students 2 days a week. As a school counselor, Dr. Paula Fendley, Ed.D., believes addressing the socio-emotional needs of students positively impacts their overall success in school and life. In her over 35 years as an educator, Dr. Fendley began her education career in Spring Branch I.S.D. at Ridgecrest Elementary and taught in the Gifted and Talented program at Spring Shadows. She later joined the Houston Independent School District and served as a middle and high school counselor, assistant principal, college and career coordinator, and high school principal. Before retiring from Eastwood Academy in H.I.S.D., Dr. Fendley utilized her leadership skills, knowledge of best instructional practices, and a strong comprehensive guidance program to create an award-winning invitational school where teachers, students, and parents experienced a culture of trust,

equity and excellence. As an experienced school leader and college access coordinator, Dr. Fendley enjoys providing academic, career, and college counseling, as well as crisis intervention. When Dr. Fendley is not working in a school setting, she serves as a transformational life coach, helping teens and adults create a life in harmony with their life's purpose, talents and personal values. Throughout her career, Dr. Fendley has worked with adults and teens, helping them build their dreams, accelerate their results, and create richer, more fulfilling lives.
